

What to expect when you come to The Blackboys Inn...

Please note due to the social distancing rules you can only dine here with members of your family or as part of a two household 'social bubble'.

When you arrive you will have to queue as per the signs at the entrance. You will queue through the arch and be greeted by a member of staff. Hand sanitizer will be mandatory on arrival.

A roaming pin will be taken from your card before you are seated.

We will be supplying table service only. We ask that you remain seated during your visit. Please do not approach the bar once you have been seated, you will be table served by a member of staff.

We will need to take a contact number and email address for the government's track and trace procedures, we will keep these securely for 21 days. Refusal to do this will result in a refusal of service. Details include; name, phone number & email address.

Tables must not be moved, we have positioned them according to government guidelines.

You will be asked to keep to the 2 metre social distancing rules. There are floor markings showing where to queue when queuing is necessary, but around the rest of the property we ask that you stay aware and keep your distance from everyone else who is visiting us.

No cash will be accepted. Only card and contactless payments.

Toilets are located outside, please queue for them according to the floor markings. Only 1 person is allowed in the toilets at a time and you will be required to sanitise your hands before and after using our facilities.

When you are finished with your food please stack your boxes at the end of your table so that it is easier for our staff to collect the boxes without breaking social distancing rules as much as possible.

We are new to this as well and it is a very unprecedented time. Please be patient with us and respect our staff.
